Muhammad Awais Atta

Computer Science and Engineering Student | Summer 2027 Internships

awaisatta@outlook.com | +46 76 238 22 28 | www.awais.se

Second-year Chalmers student with experience in embedded C, hardware testing and AI-assisted web development. Seeking a summer internship in software development, with a longer-term interest in applied AI.

EDUCATION

Chalmers University of Technology

MSc in Engineering, Computer Science and Engineering (Civilingenjör Datateknik)

2025 - present | Degree in progress; expected graduation 2030

Polhemsgymnasiet | Natural Science Programme

2022 - 2025 | Upper secondary diploma

TECHNICAL SKILLS

Programming: C (embedded drivers and test programs); Java (object-oriented programming, inheritance, interfaces and basic data structures); Python (fundamentals).

Tools: Git, GitHub, VS Code, Antigravity; RISC-V debugging and stepping through embedded C code.

PROJECTS

Museum Alarm System | University Team Project

C, MD307 microcontrollers, CAN bus | Six-person team

- Contributed to a three-controller alarm system with door monitoring, vibration and ultrasonic sensing, a buzzer and an administrator panel.
- Developed keypad and vibration-sensor drivers in C. Wrote test programs to check key detection and password matching, with a printed unlock confirmation.
- Implemented an outgoing-message queue for CAN communication. Took primary responsibility for hardware setup and helped teammates test code on the microcontrollers.

Express Vapes Ecommerce | Personal Project

Laravel, PHP, database-backed application | AI-assisted development | 2026

- Built an e-commerce website with a frontend, backend and administration panel using AI assistance, refining prompts and troubleshooting through iterative testing.
- Tested the complete cart-to-order flow with PayPal and Stripe sandbox payments and customer order confirmation emails.

WORK EXPERIENCE

Warehouse Assistant | Stadsmissionen Second Hand

Paid summer employment | Gothenburg | July - August 2023

- Organised incoming and outgoing goods, labelled prices and supported daily store operations.
- Maintained orderly, accessible storage areas and assisted with general store upkeep.

LANGUAGES

Urdu: native | Swedish and English: fluent | Hindi and Punjabi: spoken proficiency
