Muhammad Awais Atta

COMPUTER SCIENCE & ENGINEERING STUDENT | SUMMER 2027 INTERNSHIPS

Gothenburg, Sweden | awaisatta@outlook.com | +46 76 238 22 28 | www.awais.se

Second-year Computer Science and Engineering student at Chalmers with practical experience in C programming, embedded systems, debugging, and collaborative engineering projects. Foundational knowledge of Java and Python, with an interest in software engineering, R&D, and building reliable products.

EDUCATION

Chalmers University of Technology 2025–present Master of Science in Engineering (Civilingenjör), Computer Science and Engineering | Expected graduation: 2030

Polhemsgymnasiet 2022–2025 Natural Science Programme | Upper secondary diploma

TECHNICAL SKILLS

Programming: C (embedded programming), Java (object-oriented programming), Python (fundamentals)
Technical experience: Embedded systems, microcontrollers, hardware–software integration, debugging, functional testing
Tools & workflow: Git, GitHub, VS Code, Linux, RISC-V debugging tools, AI coding tools

PROJECTS

Embedded Software Development | University Team Project
Chalmers University of Technology | Six-person engineering team

- Applied embedded C programming and microcontroller concepts in a collaborative engineering project. • Contributed to hardware setup, software integration, hands-on testing, and troubleshooting. • Worked with teammates to identify issues, verify behaviour, and coordinate development activities.

AI-Directed E-Commerce Website | Personal Project 2026 Requirements definition, prompt-based development, functional testing

- Directed AI coding tools through detailed prompts to generate a customer-facing e-commerce website with administration and order functionality.
- Iteratively tested and refined shopping, PayPal and Stripe sandbox checkout, order processing, and confirmation-email workflows.

WORK EXPERIENCE

Warehouse Assistant | Stadsmissionen Second Hand Jul–Aug 2023 Paid summer employment | Gothenburg, Sweden

- Organised incoming and outgoing goods, labelled prices, and supported daily operations. • Maintained an orderly storage area and collaborated with colleagues to keep workflows running smoothly.

LANGUAGES

Urdu (native) | **Swedish & English** (fluent) | **Hindi & Punjabi** (spoken proficiency)
